Photo Society exhibit of workshop, photo walk and road trip images

The Photo Society will showcase images from workshops, photo walks and road trips at a special exhibition to be held in March and April at the John F. Seiberling Gallery in the offices of the Conservancy for the Cuyahoga Valley National Park.

Workshops, photo walks and road trips have provided opportunities for great photography. You can go to www.cvps.org to see an archive of galleries from these events.

All Photo Society members are invited to submit photographs to be considered for inclusion in the exhibit. Twenty-five will be selected.

Photos for the exhibit must have been taken in conjunction with any Photo Society workshop, photo walk or road trip. Each photographer may submit up to five images for consideration.

Photographers will provide prints of those images selected for exhibit. The Conservancy will pay for framing and matting. Photographers may choose to offer their prints for sale at the Gallery.

Submission deadline is Friday, February 13, 2015. Images to be considered must be submitted as JPEGs to cvpsexhibit@gmail.com.

More specifics:
