Lightroom: Crafting the Fine Photograph with Tim Cooper

Friday – Sunday, January 9-11, 2015

Workshop Fee: \$395 CVPS member/ \$460 non-member

Join the Cuyahoga Valley Photo Society for an informative, interactive workshop with nationally recognized photography instructor, Tim Cooper. Previous participants in Tim's CVPS workshops have raved about how much they learned – and how much fun they had – so we had to bring him back.

This workshop is for participants who are new to or somewhat familiar with Adobe Lightroom and for those who want to take their post-processing skills to the next level. Special emphasis will be placed on developing efficient work habits, security of your images and producing dramatic and meaningful photography. Participants will leave with a complete understanding of the Lightroom workflow.

This is a hands-on workshop, so you practice as you learn. The workshop allows you to work on your computer with your photographs to build your skills.

Highlights include:

- Creating a safe and efficient Lightroom catalog.
- Setting your preferences.
- In-depth study of the library module:
 - Steps to create a workflow that fits your style and needs.
 - Lessons on creating dramatic and meaningful photography.
- In-depth study of the develop module:
 - Using the develop module to improve the impact of your images.
 - Portrait retouching.
 - Methods of improving photos using localized adjustments.
 - Creating presets to allow more time behind the camera instead of the computer.
- Discussion on how Lightroom manages library and developing metadata.
- Developing a manageable keyword system.
- Secrets to selecting and culling your imports and archives.
- Producing usable collections.
- Purchasing and developing a quick and reliable backup system for your photographs.
- Preparing your images for print.
- Exporting your photos from Lightroom into Photoshop or external plugins.
- Using the export dialog box for quick and easy emails and copies.

Participants must bring their own laptop with the latest version of Lightroom installed and ready to use. The workshop is classroom-based and meets Friday thru Sunday from 9 a.m. to 6 p.m. with an hour lunch break. Fee does not include lodging, meals, or transportation. To register call the Conservancy for CVNP: (330) 657-2909 ext. 100.

Why Every Photographer Should Care About Intellectual Property—And How to Protect Yours

Thursday, March 19, 2015 – 7:00 p.m., Happy Days Lodge

Photographers create intellectual property every time they create new images. But how do you learn how to protect your valuable work? What is the best way to manage your intellectual property if you sell or license your work? Which steps should you take if someone uses your work without permission? Join Sharon Toerek for an interactive discussion about these issues and learn some basic steps to protect and manage your intellectual property rights. Sharon is the Principal of Toerek Law, a national intellectual property law and marketing law practice for creative professionals, based in Cleveland. She is also the publisher of *Legal + Creative*, a blog on intellectual property and marketing law issues for creatives, and is a national speaker on intellectual property issues.
