Monthly presentations

Monthly presentations are designed for people interested in photography and those who want to improve their photographic skills. The presentations cover a broad range of topics from instructional sessions to programs that help us learn about what we photograph. They are free and open to the public.

The Photo Society will provide directions for you to receive a Zoom videoconference invitation as we approach the date for each presentation.

Wednesday, February 17, 2021 – 7 p.m.

(Live via Zoom videoconference)

Ohio photographer Autumn Bland's initial project to take portraits of those affected by the COVID pandemic evolved as the world changed through 2020. The project became more expansive in its representation of the community through views of essential workers who were required to keep the economy operating and those forced away from their normal work. Autumn will discuss the evolution of the project and how follow-up sessions became more important. She also will talk about the logistics of photo sessions during a pandemic and her artistic choices to accomplish her goals.

Tours and Workshops

The current health crisis has made it impossible to conduct in-person workshops and tours. The uncertainties involved have made it very difficult to even plan future workshops. We are hopeful that our community health situation will allow us to return to hosting these events in the near future.

With that in mind, the CVPS Steering Committee has begun discussions about running a photographic roadtrip to Acadia National Park in Maine. The last time we ran this tour, in October 2015, the combination of fall color and the dramatic, rocky coastline scenery made for a great trip.

We will continue to evaluate whether this trip could be held safely in the fall of 2021. If we decide to go forward this fall, we will let everyone know the details. Until then, please stay safe and healthy!

Photo Walks

The Cuyahoga Valley Photographic Society invites all members to attend our very popular series of Photo Walks. The Photo Walk is a field session that provides an opportunity to explore a location, compare your photographic work with others who are working in the same spot and participate in an online photo critique. Photo Walks are a great way to hone your photographic skills.

The Photo Walks for 2021 will be planned by CVPS member Jerry Jelinek. Following our pandemic guidelines that limit gathering as a group, Photo Walks are generally announced two weeks prior to the online critique to allow you to visit the location on your own schedule (perhaps more than once). Locations and starting dates will be emailed to all CVPS members beforehand. Critique sessions will be held at the conclusion of the shooting dates. Photographers are encouraged to submit their three favorite images for an online critique by Jerry.
